Guests: Michelle Famula (Student Health & Counseling Services (SHCS))

Discussion Highlights:

1. Update on Executive Recruitments

- a. Joanna Regulska has been appointed to the position of Vice Provost & Associate Chancellor of International Affairs and will begin on September 1, 2015.
- b. Peter Wainwright has been appointed Interim Dean-College of Biological Sciences
- c. Jean VanderGheynst has been appointed Interim Dean-College of Engineering
- d. Current Open Recruitments include:
 - i. Vice Provost of Graduate Studies
 - ii. Dean. Division of Social Sciences
 - iii. Dean, College of Engineering

2. Student Mental Health Services

- a. UC Davis Counseling services consist of five Programs:
 - i. Clinical Services – Therapy Services, Urgent Care Mental Health and Interdisciplinary Teams.
 - ii. Training and Academic Services – Pre & Post Doctorial Training, Grad Studies, Med School, Vet School and Undergraduate College Counselors.
 - iii. COPE Services (Consultation Outreach & Prevention Education) – ICA, ICC, SDC and SCRT.
 - iv. Multicultural Services – Community Advising Network and Multicultural Immersion Program.
 - v. Peer Programs – Mind Spa and Wellness Ambassadors.
- b. Current campus wait time to see a Psychiatrist is two weeks. Current “community” wait time is six weeks depending on insurance.
- c. An additional four therapists are being recruited to assist with the increase in visits.
- d. The campus has also just reached an agreement with UCDHS Psychiatry to add an additional Psychiatrist to the Davis campus.
- e. The Student Health Fee has remained \$43/yr for the last 10 years. The maximum fee increase was \$13/yr. There is a Student Health Fee Advisory Council which is discussing the possibility of increasing the fee.

3. State Budget Update

- a. The Governor is scheduled to sign the budget sometime this week.
- b. Current Budget highlights:
 - i. A 4% increase to the UC general fund for this year and the next three years.
 - ii. No tuition increases for the next two years.
 - iii. \$25M system wide for increase in undergraduate California students with the expectation that an additional 5,000 CA students will be enrolled system-wide by 2016-2017.
 - 1. This state funding equates to \$5,000 per student. Historically the state funded \$10,000 per student.
 - 2. There is an assumption that the difference would be made up by out-of-state tuition fees.
- c. It is believed that, despite a difference in opinion about what UC should be doing and what the UC does collectively as a system, the discussions between Governor Brown and President Napolitano did have a positive impact on the budget.
 - i. Students groups that met with the Governor also had a major impact.
